Saturday, 12 January 2013 06:22

---

A delegation of the C2CoE visited the Joint Warfare Centre on Thursday 10 January 2013 in order to coordinate C2CoE support to JWC exercises for 2013.

During the visit, the delegation paid an office call on JWC COS, Brigadier General John W. Doucette and was then briefed on the JWC's roles and responsibilities and the comprehensive training it provides.

The briefing further gave an update on the MTEP process, as well as details on the JWC Programme of Work for 2014 and beyond.

A working meeting with the JWC OPRs of the different exercises provided the opportunity to exchange knowledge and address possibilities of cooperation for future exercises.

The visit also included a guided tour of the JWC's state-of-the-art training facility.
