

Company Compliance Evaluation (Annex B-1)

Pricing itself must not be listed in this section. Each question must be answered thoroughly as described in order to receive a passing score. A failure on any question will render the bidder as not technically compliant.

1. A description / lay-out of the provider's internal work structure(s) and main processes and procedures applied to provide deliverables for this contract:
 - 1.1 Demonstrates general knowledge of NATO and a clear understanding of JWC's activities.

Grading criteria-

PASS- Response displays adequate compliance with and understanding of the requirement.

FAIL- Response does NOT display adequate compliance with and understanding of the requirement.

Answer:

2. An outline plan for the production, support to and delivery of Scenario products and documentation. This shall include a description of how the process will unfold when providing support in the reality of a challenging environment. This description should include the following:
 - 2.1. Outline the expected level of functional and capability scenario support for a Major Joint Operation MJO+ (such as Steadfast Jupiter) exercise;
 - 2.2. Process for coping with additional capability support requirements;
 - 2.3. Process for developing new products and documentation.

Grading criteria-

PASS- Response displays adequate compliance with and understanding of the requirement.

FAIL- Response does NOT display adequate compliance with and understanding of the requirement.

Answer:

3. Provide a description of the Expert and Senior Expert level support, which includes the level of availability and expected notice period. This description should include how this support will be delivered;

Grading criteria-

PASS- Response displays adequate compliance with and understanding of the requirement.

FAIL- Response does NOT display adequate compliance with and understanding of the requirement

Answer:

4. Past Performance - Provide evidence of at least one experience in the last 5 years from a previous project/engagement, which demonstrates an understanding of both the Comprehensive Operations Planning Process across relevant levels of Command and Control, to include force generation, and “synthetic planning” as an application of real world processes, activities and products in an exercise environment;

Grading criteria-

PASS- Response displays both the understanding of Comprehensive Operations Planning Process across relevant levels of Command and Control, to include force generation and demonstrates the understanding of “synthetic planning” as an application of real world processes, activities and products in an exercise environment.

FAIL- Response does NOT display the understanding of Comprehensive Operations Planning Process across relevant levels of Command and Control, to include force generation and/or demonstrates the understanding of “synthetic planning” as an application of real world processes, activities and products in an exercise environment.

Answer:

Please Respond to this Question on the Question 4 Past Performance Form

5. Past Performance - Provide evidence of at least one experience in the last 5 years, in developing and delivering a synthetic exercise scenario environment, outlining how the bidder operated in a constrained environment such as a NATO, National, or Commercial equivalent system.

Grading criteria-

PASS- Response displays adequate experience in developing and delivering a synthetic scenario environment and outlined how the bidder operated in a NATO, National or commercial equivalent environment.

FAIL- Response does NOT display adequate experience in developing and delivering a synthetic scenario environment and/or did not outline how the bidder operated in a NATO, National, or commercial equivalent system.

Answer:

Please Respond to this Question on the Question 5 Past Performance Form

6. Past Performance - Provide evidence of at least one experience in the last 5 years of working in a collaborative production environment, outlining how the bidder was able to coordinate and interact with other service providers.

Grading criteria-

PASS- Response displays adequate ability to operate in a collaborative production environment.

FAIL- Response does NOT display adequate ability to operate in a collaborative production environment.

Answer:

Please Respond to this Question on the Question 6 Past Performance Form

(g) Period of Performance:
